## **Event Summary**

Public Service Announcement provides members with the opportunity to use technology to produce a video public service announcement that informs the community about an important health issue. This competitive event consists of one round and each team consists of 3-6 people. All teams will show their PSA to a panel of judges as well as give a presentation about their creative process. This event aims to inspire members to be pro-active future health professionals by producing a PSA to promote a health service organization, bring awareness to a health situation, or educate the public at large regarding health and well-being.

## **2022-2023 PSA Topic: How to Talk to Friends and Family about Mental Health**

*According to Health and Wellness Magazine, the COVID – 19 pandemic has had a significant impact on people's mental health. A study completed by Boston University shows that depression rates tripled during the first year of the pandemic.*

*The website, [mentalhealth.gov](https://www.mentalhealth.gov), provides important information about recognizing signs of mental health problems and connecting people to help. Further, it provides information on how to start a conversation regarding mental health and how to find help for a friend in trouble.*

*Successful PSA's will educate the community on the resources available and helpful strategies for talking to those suffering with mental health issues. Let's make sure our friends and family know there is help available for them and how much they matter to us!*
